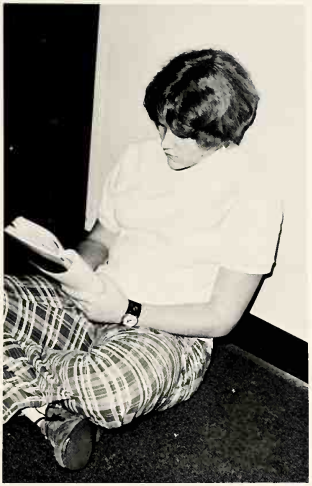
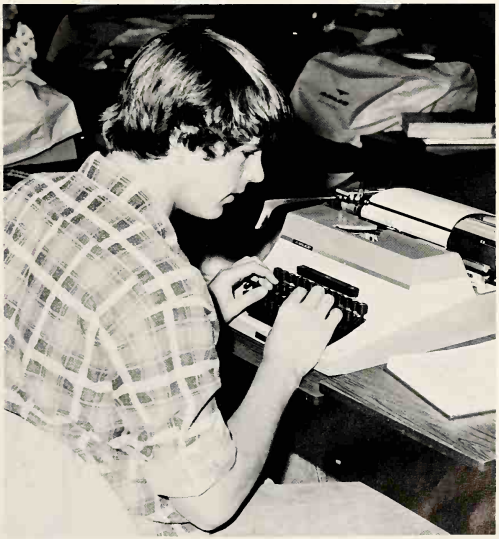
weisenborn junior high school 1975

We dedicate this yearbook to Clara E. Weisenborn in recognition of her concern and constant interest in education. During her term of office as Congresswoman, Mrs. Weisenborn devoted many hours toward the development of a better environment and a finer educational opportunity for us all.

more odds and ends to remember





administrative personnel

Mr. David Lewis - Principal

After a long summer fight to get both the new building completed for occupancy and to get a schedule drafted, the word PEACE could well express the theme for the school year. However, in this case PEACE is an acronym designating attributes hoped for among students and teachers this year.

Patient with the state of affairs and changes in program.

Educated with respect to what the school is trying to accomplish with its new program and facilities.

Accommodating to the needs of all the members of our school community.

Cooperation in working toward a smooth and efective operation.

Enthusiastic students and teachers can make the whole program a vital and productive experience for us all.

David Lewis
